

# IPB-300F-P Demonstration Sample: handling instruction

## 1. Connection

Detail of the MAINPCBA I/O connector

## 2. How to use by connecting with PC

- ① Connect IPB-300F-P and PC by USB Cable.  
(Connect Camera first, then PC.)
- ② Install the driver for IPB-300F-P to the PC.  
"How to Install the driver" should be referred to the NM33 driver installation manual.pdf.
- ③ Execute the Viewer Forest-O.exe (for IPB-300F-P) or Forest-OH.  
"How to use Forest-O or Forest-OH" should be referred to each manual.

Note 1: IPB-300F-P can be operated in the 32 bit version of Windows XP/Vista/7.  
It is not compatible with the 64 bit version of Windows XP/Vista/7.
